Trading update Q3 2026: strong performance across the group

17 November 2026

Highlights third quarter 2026

- Group nine-month turnover surpassed 3.2 billion euros, up 6% year-on-year
- Order book stood at 6.8 billion euros at the end of the third quarter, compared to 7.1 billion euros at half-year, with a substantial pipeline of identified opportunities supporting future order intake
- Management reiterates its full-year outlook, expecting turnover to slightly exceed the 2025 level and EBITDA margin to remain in line with 2025
